**Het werkt óók met één oog (niet persé stereo nodig)**

**Dus ook met NORMALE endoscopen zonder modificatie !**

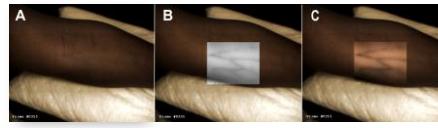

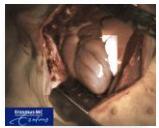

f.wieringa@tno.nl

**TNO** innovation  
for life

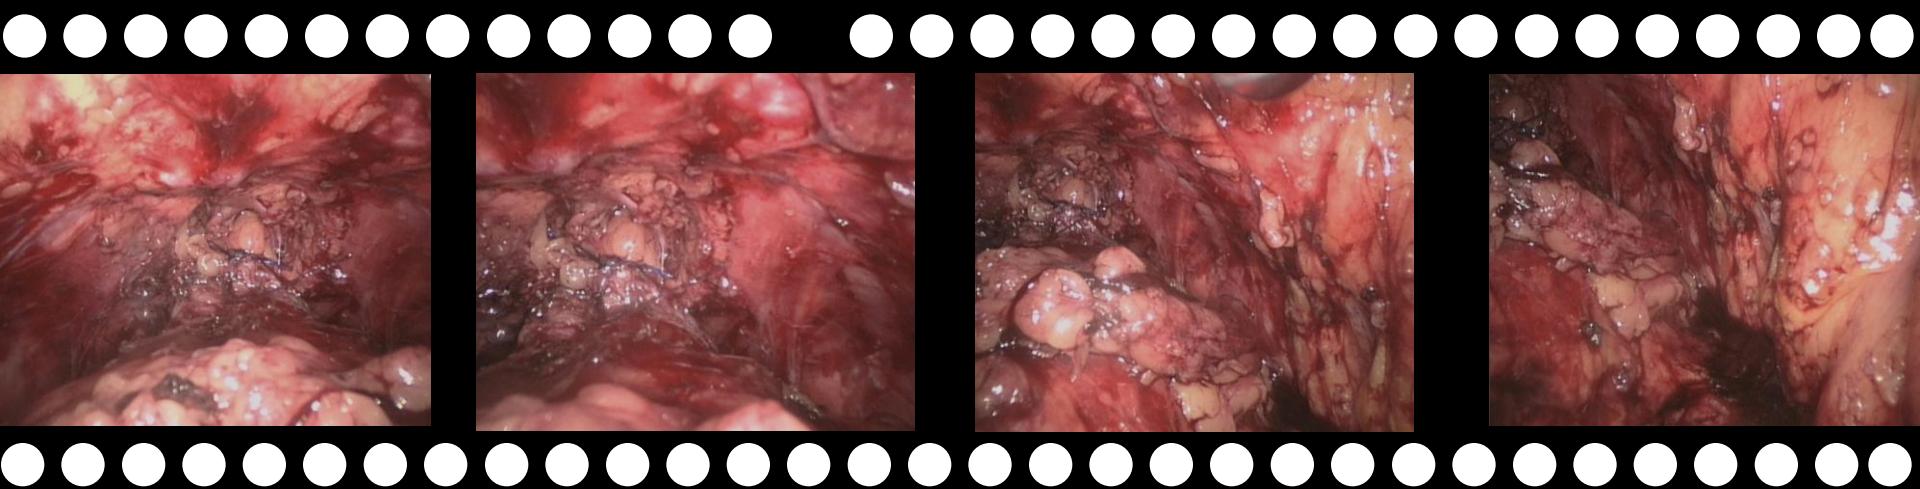

## Alleen calibratie van optiek & processing nodig

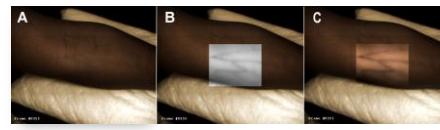

## Stap 1) 2D video signaal binnenhalen

Endoscopisch beeld bestrijkt wijde omgeving in tijdsdomein

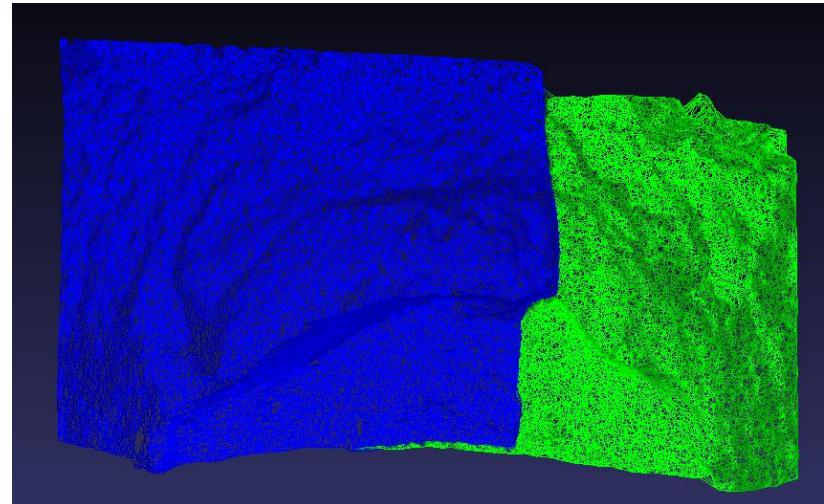

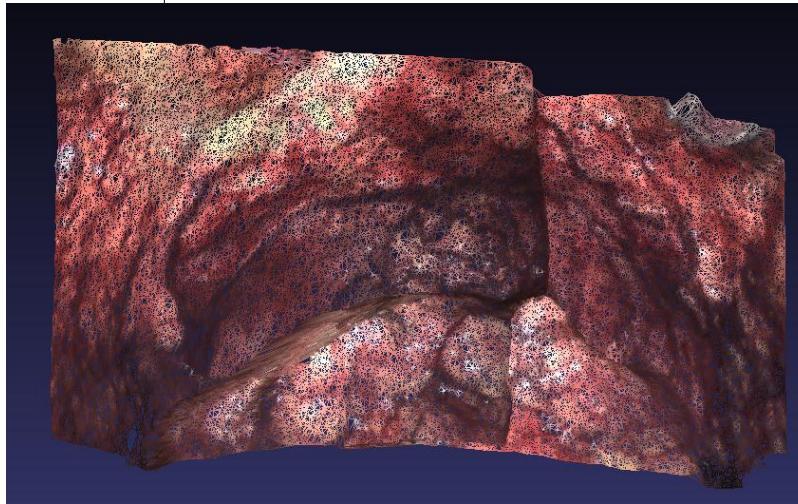

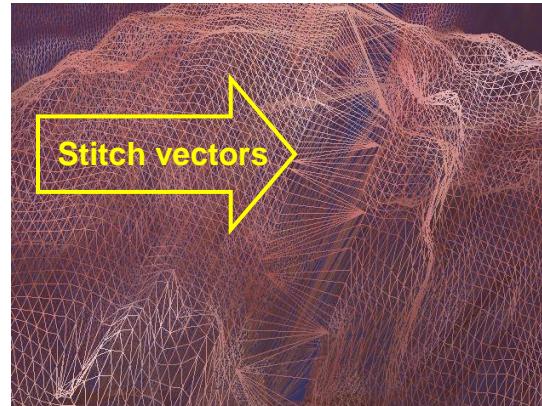

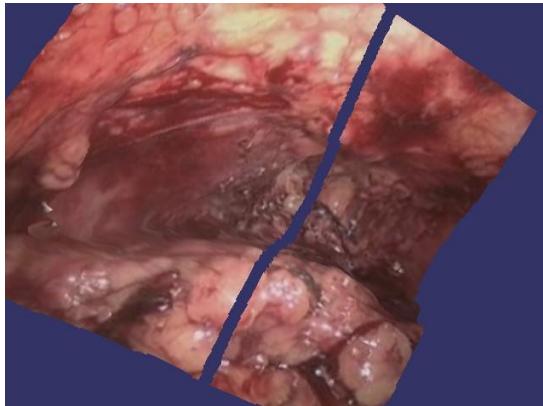

f.wieringa@tno.nl

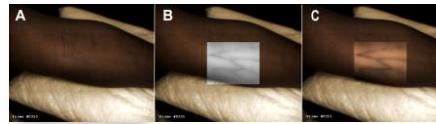

**TNO** innovation  
for life

## Stap 2) Snelle navigatie via 3D “landmarks”

## Stap 3) Samenvoegen oppervlakken

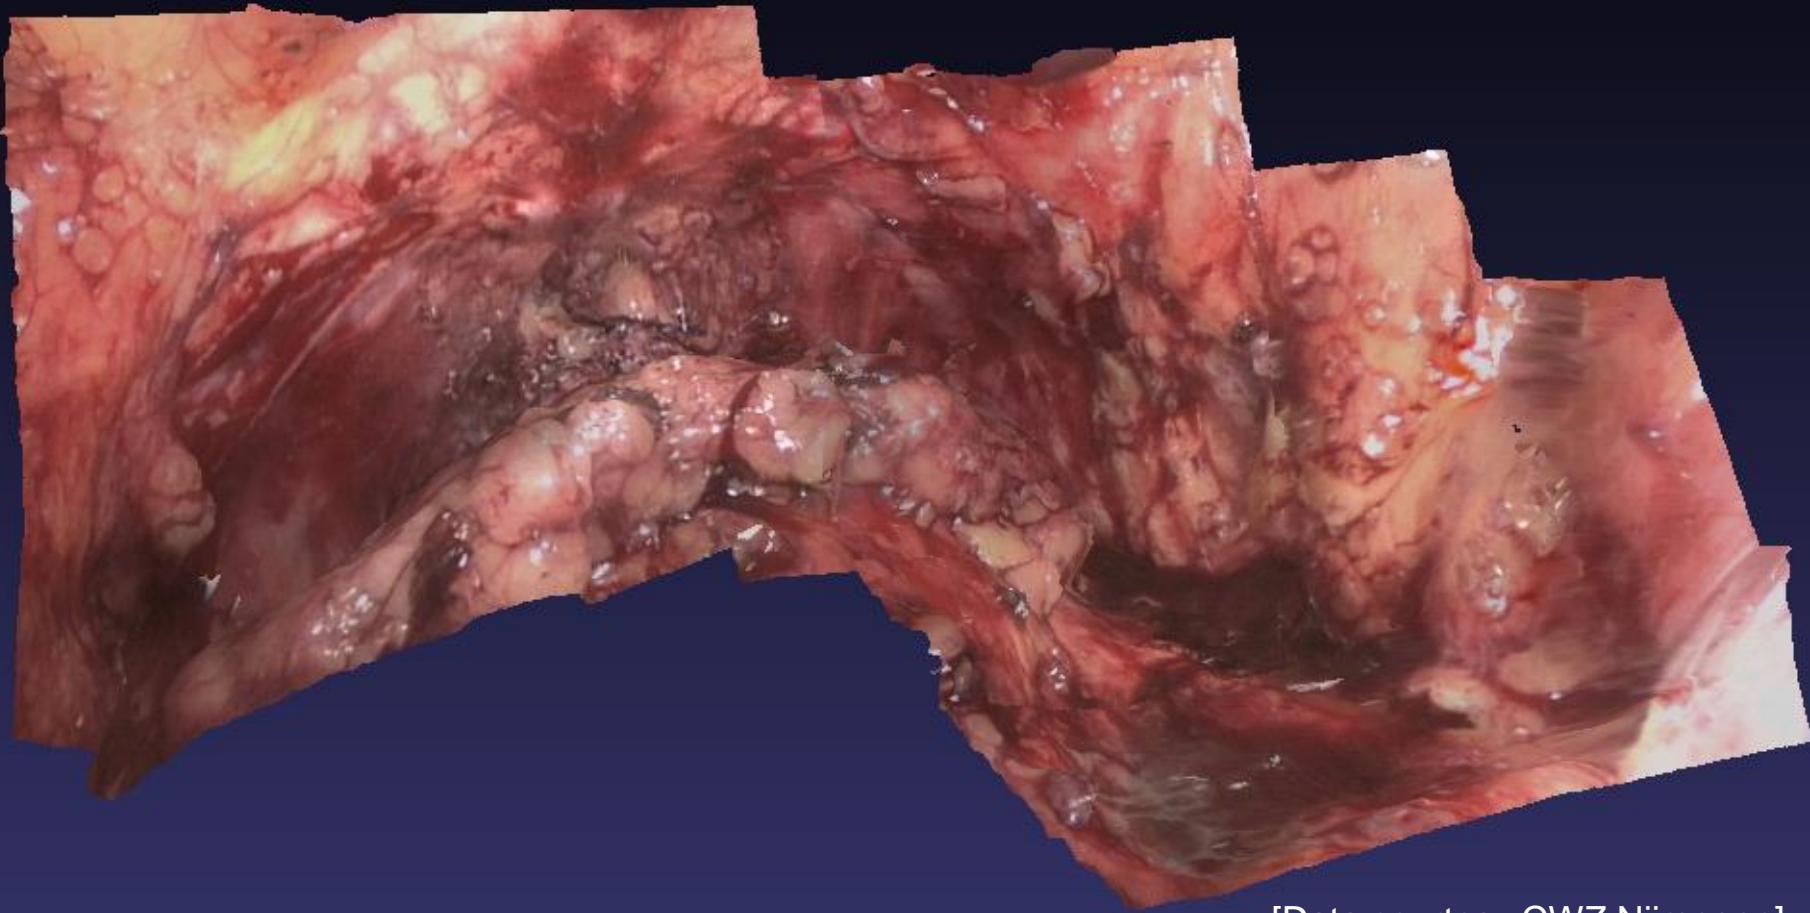

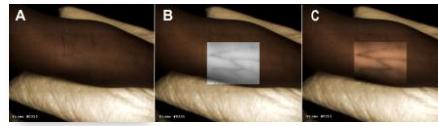

f.wieringa@tno.nl
