

# PRODUCTS FOR START-UPS

**TNO** innovation  
for life

Are you looking for potential partners? Or maybe you have questions regarding the feasibility or novelty of your technical idea? Come talk to experts in your field!

**FREE FULL DAY CONSULTING**

At TNO we have scientists and business developers working for more than 10+ years, with a huge network. Check out our website or email us to find our expertise areas.

- › TNO offers start-ups a full day of consultancy with experts in the area of the start-up.

**INNOVATION VOUCHER:**

**€7500 PARTLY SUBSIDISED RESEARCH**

Do you have a research question of about 1½ weeks of research? Then this voucher could be of interest for you! With this voucher, 50% of the research cost will be subsidised, up to €3750.

- › Vouchers are normally available from April–September each year

**CONTRACTED RESEARCH:  
PARTLY SUBSIDISED  
(FOR PROJECTS OF €100K+)**

Do you have a research question which would involve several months of research or more, and does TNO have the expertise to execute it? Then we could apply for grants together. This could result in partly subsidised (30–70%) projects, and sometimes the start-up contributions can be made in-kind.
